Your Eye on Education

The Problem:

- There is a crisis in the education system.
- Learners don't feel they have ownership over their education, and power to address the issues that exist.
- The crisis is largely invisible, as it unfolds in township and rural schools.

Your Eye on Education

SchoolReport allows Students to:

Report problems at their school, like broken windows and toilets that don't work.

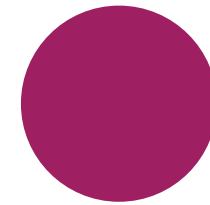

Your Eye on Education

SchoolReport allows Parents/Journos/NGOs to:

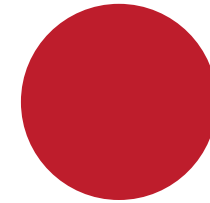

See how a school performs: teacher numbers, class sizes, pass rates and learner generated comments. Also gives contact details of local education department offices.

Issue Based Reporting:

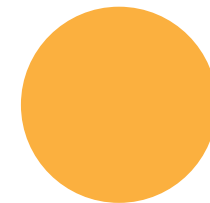

Themes that guide learners with the comments and complaints they upload.

Textbooks / Learning Resources

Yoh, yoh, yoh, we are supposed to study science, but theses not equipment in our labs. Its like trying to teach someone to read without a book!!!
